INTRODUCTION

Letters patent were granted to the Association on the 23rd day of July, 1910, and the first Constitution and By-Laws were adopted at a meeting in Welland on the 2nd day of August, 1910.

The name remained the same until the 3rd day of August 1963, when it was updated to “The Fire Fighters’ Association of Ontario”, it being readily accepted that the name “fireman” no longer conveyed the true meaning.

Further changes to the Constitution and By-Laws took place on the 5th day of November 1978.

On Sunday, November 6, 1983, the membership officially adopted into the Constitution and By-Laws “The Fire Fighters Medal of Merit”, which is awarded to any fire fighter in the Province of Ontario, at the Association’s Annual Meeting. This medal is to recognize meritorious service.

It is interesting to note that some of the departments active in those bygone days are still active members of the Association. Some of them are Merritton, Milton, Mount Forest, Thorold, and Welland, to name a few. Somewhere along the way the idea of having a quarterly Executive meeting has been lost and now there are several. Those Quarterly Executive meetings changed into general quarterly meetings, which now can have as many as 275 to 400 delegates, life members and visitors from across Ontario, with the Annual Meeting being held on the first weekend of August.

Some of the glamour has gone from the old time conventions when train loads of delegates travelled across Ontario to the meetings. Prize money for the competitions has gone to the point where a token payment is made nowadays. Prizes in the early days were in the hundreds of dollars.

However, this could not be considered as downgrading today’s conventions. Competition is just as fierce. Interest and participation are as strong as ever.

Our Association has had a glorious past and with the help of all fire fighters across Ontario, we can go on to even greater things in the future.
The Firefighters' Association of Ontario

This Association had its beginning at a meeting of volunteer firemen, which was held in the Forester's Building in the city of Toronto, on the 29th day of August and the 1st day of September, 1899. It was decided at this meeting that an association should be formed to be known as “The Volunteer Firemen's Association of Ontario”, for the annual exchange of opinions as to the best appliances for the modes of firefighting and as to all other matters affecting the progress and welfare of volunteer firemen throughout the Province of Ontario.

On August 2nd 1909, at Paris Ontario, the Association was expanded so as to render membership in, and make the benefits to be derived from said association, available alike to volunteer, full paid, partly paid, exempt the veteran firemen, the interest all being practically identical. Then the name was changed to “The Firemen's Association of Ontario”.

And whereas, according and pursuant to said resolution, the name “The Volunteer Firemen's Association of Ontario”, has been changed to “The Fireman's Association of Ontario” and the same has been duly adopted.

And, whereas, the new Association has been incorporated by Letters Patent, granted on the 23rd day of July, 1910, and approved and adopted by the said Association on the day hereinafter mentioned.

Therefore, we, the members of this Association, now being the Fireman's Association of Ontario, in convention assembled at Welland, this 2nd day of August 1910, hereby adopts the following Constitution and By-Laws.

Therefore, we, the members of this Association, now being the “Firefighters' Association of Ontario, in general meeting assembled at Alliston, this 5th day of November 1978, hereby adopts the following Constitution and By-Laws.

Therefore, we, the members of this Association, now being the Firefighters' Association of Ontario, in general meeting assembled at Port Elgin, this 3rd day of March, 1985, hereby adopts the following Constitution and By-Laws.

Therefore, we, the members of this Association, now being the Firefighters' Association of Ontario, assembled in Milton, this 31st day of July, 1993, hereby adopts the following Constitution and By-Laws.

Therefore, we, the members of this Association, now being the Firefighters’ Association of Ontario, assembled in Fergus this 3rd day of August 2013, hereby adopts the following Constitution and By-Laws.

8.5.12. MEMORIAL RESOLUTION:

Whereas God, in His infinite wisdom, has removed from our midst...(Names)... in whose passing, this Association has lost sincere, loyal and revered friends, the several communities valued and respected citizens, and the families a kind and devoted member. AND

Whereas, we shall miss their pleasant companionship and good fellowship, their wise counsel, and their loyalty to the best interests of the Association, and their fellow human beings, and desiring to perpetuate their memory, and to the family of each our sincere sympathy in their bereavement;

Be it resolved: That our hearts go out to them with love and understanding in the loss of their Dear One, and we breathe a prayer that God will give them courage and strength to bear their loss bravely, confident in the knowledge that they have fought the good fight and the have heard the consoling words of the Master, “Well done thou good and faithful servant”, They have reached the end of their earthly journey, and their reward will not be transitory, but Eternal and Glorified,

AND
Be it further resolved: that a copy of this resolution be forwarded to each of the bereaved families.

May the souls of the faithful departed rest in PEACE and in the name of the Father, and the Son and of The Holy Ghost, Amen.

1.3.7.3.(viii) Two 38mm (1 ½ “) straight bore nozzles (Supplied by FFAO).
1.3.7.4. Hydrant pressure to be 525 KPA (75 PSI) at the nozzle.
1.3.7.5. Pump pressure to be adequate to provide above.
1.3.7.6. Starting line shall be 15m (50ft) from hydrant
1.3.7.7. Truck is to be located 3m (10ft) back of the hydrant and 3m (10ft) to the side of the hydrant.
1.3.7.8. Targets shall be 52.5m (175ft) from starting line.
1.3.7.9. Side targets shall be 4.5m (15ft) to each side of the centre target.
1.3.7.10. No coupling shall be left hanging over the side of the truck. Judges decision is final.

1.3.7.11. RUNNING OF THE EVENT
1.3.7.11.(i) Hose load may be arranged any way the participating team wants.
1.3.7.11.(ii) Contestants shall run from the starting line to the truck, remove necessary equipment, and pull out 30m (100ft) of 65mm (2 ½ “) hose, disconnect coupling between second and third lengths, connect the line to the hydrant and knock down the centre target and shut off water.
1.3.7.11.(iii) Coupling between second and third lengths shall be clear of the truck tailgate before disconnecting.
1.3.7.11.(iv) Drop 65mm (2 ½ “) nozzle on ground, break connection between first and second lengths and install gated wye at end of second length.
1.3.7.11.(v) Connect 15m (50ft) of 38mm (1 ½ “) line to each side of gated wye.
1.3.7.11.(vi) Connect straight bore nozzles to ends of 38mm (1 ½ “) lines.
1.3.7.11.(vii) Turn on water and knock down remaining targets, one with each nozzle.
1.3.7.12. All contestants (except nozzle men) must stand clear of all couplings before targets are knocked down, and remain clear until final whistle is sounded.
1.3.7.13. Should it become necessary to return to a coupling that comes undone, time will continue to run.
1.3.7.14. Any infraction of the rules shall result in a fifteen (15) second penalty.
